Baiba Logina

Deputy Director Of Renewable Energy And Energy Efficiency Department,
Head Of Renewable Energy Division
Ministry Of Economics Of The Republic Of Latvia

Baiba Logina was born on 25 June 1985 in Tukums, Latvia. She received B.Sc. degree in political science in the Riga Stradiņš University, Riga, Latvia, in 2007. Baiba has been working in the Ministry of Economics of the Republic of Latvia since 2007. She started her work as a desk officer in Energy Department. After half a year she became a senior desk officer with a focus on the field of renewable energy policy. In 2010 Baiba became a head of Energy Resources and Fuel Division. Currently she is head of Renewable Energy Division and deputy director of Renewable Energy and Energy Efficiency Department.

Baiba is interested in the renewable energy policy. Being an optimist, she believes that the renewable energy industry will develop further in sustainable way giving more opportunities for Latvia's society.
