Javier Vila
Country Manager, Spain
Petrotec

After 4 years working as Managing Director of BionetEuropa, one of the spanish main players on UCOME industry, Javier started the operation in Spain for Petrotec on march 2012. One year after from the beginning of the activity , Petrotec In Spain has a market share of 35% of the total UCOME production. Javier is responsible for all the Spanish activity and targets as well new sourcing markets in Latin America. Before to join the Biodiesel industry, Javier was Manager in one of the Big Five consultancy Firms. He was involved in strategy and financial projects in manufacturing industry.
